Soils 501, Dept. of Crop and Soil Sciences, Fall 2008

Soil Science Seminar Series

Seminars are Mondays @ 1:10pm, Johnson Hall 204 unless otherwise noted

September 8 (@ 1:10, joint w/Crop seminar)
Lynne Carpenter-Boggs, Cathy Perillo, Rita Abi Ghanem, Karen Killenger, Dept. of Crop and Soil Sciences and Dept. of Food Science, WSU
Iraqi Ag Extension Revitalization Project: A Report from the Women's Session

Special Seminar (@ 2:10pm)
Jo Ann Baumgartner, Head of Wild Farm Alliance, California
Wildlife-friendly Restoration Practices for Organic and Conventional Farms

September 15
Al Sanchez, General Manager, L & H Seeds, Inc. / Herrman Northwest Farms
Specialty Western Native Range and Reclamation Grasses, Forbs, and Legumes Grown for Seed in Irrigated Sandy Loam Soils of Connell, WA

Special Seminar (@2:10)
Triven Pillai, Soil Science M.S. Candidate, WSU
Comparative Assessment of Soil Properties and Economic Return of Alternative Farming Systems

September 22
Michael Swan and Marvin Kleene, Professors, Dept. of Crop and Soil Sciences, WSU
The WSU Agricultural and Food Systems Program and the M.S. in Agriculture

September 29 (@ 3:10, joint w/Crop seminar)
Crop & Soil Science Students
Washington State Tour Report

October 6
ASA-CSA-SSSA Annual Meeting, no seminar

Special Seminar, Thursday, October 9 (joint w/CEREO, time/place to be announced)
Harry Vereecken, Director, Institute of Agrosphere, Helmholtz Research Center Julich, Germany
Terrestrial Environmental Research and Geophysics. Quo Vadis?

October 13
David Huggins, USDA Land Management and Water Conservation Research Unit, Pullman, WA
No-Till. The Quiet Revolution

October 20
Kent Keller, Professor, School of Earth and Environmental Sciences, WSU
Water's Stable Isotopes: Hydrologic Tools Applied to Palouse Streamflow and N-fate Studies

October 27
George Nyamadzawo, Soil Science M.S. Candidate, WSU
Greenhouse Gas Emissions from Seasonal Wetlands in Uganda

November 3
Kenton Rod, Soil Science Ph.D. Candidate, WSU; Pacific National Laboratory
Transport of Strontium and Cesium through Sediments in Simulated Hanford Tank Waste

November 10 (@ 1:10, joint w/Crop seminar)
Stephen Machado, Dryland Systems Agronomist, Oregon State University, CBARC
Does Intercropping Have a Role in Modern Agriculture

November 17
Stephen Bramwell, Soil Science M.S. Candidate, WSU
Integrating Livestock and Organic Grain Production in the Inland Northwest, U.S.

November 24
Thanksgiving Break, no seminar

December 1
George Mount, Professor, Dept. of Civil and Environmental Engineering and Director, CEREO, WSU
Space Based Measurement of Air Pollution

December 8
Bill Schillinger, Professor, Dept. of Crop and Soil Sciences, WSU
Soil Water Behavior in Dryland Cropping Systems

WASHINGTON STATE UNIVERSITY
World Class. Face to Face.
