

PhD Graduate Assistantship Available with Focus on Geography of Soil Moisture Dynamics on the Palouse via the Integration of Proximal Sensing

We are currently seeking a PhD student interested in studying the geography of soil moisture dynamics on the Palouse via the integration of proximal soil sensing and landscape modeling. The student selected for this project will have an opportunity to work closely with scientists at both Washington State University and Decagon Devices, Inc. If interested, please email a letter of interest, curriculum vitae, unofficial transcripts, and contact information for three potential referees to Dr. David Brown, Washington State University, PO Box 646420, Pullman, WA, 99164-6420.

Feel free to contact Dr. Brown directly with questions regarding this opportunity.

Contacts: Dr. David Brown (david_brown@wsu.edu; TEL 509-335-1859).

For more information on our department, please review our website at <http://css.wsu.edu>. Our graduate studies page has information on application requirements and a link to the electronic application.

Assistantship Details:

The Department of Crop and Soil Sciences, Washington State University, offers graduate research assistantships to qualified graduate students from recognized colleges and universities. Research assistants conduct experiments under the direction of their advisor. Graduate student appointments are half-time and students on formal appointment receive stipends on an annual basis. Students are expected to work part-time on research during the academic year and full-time during the summer. Appointments are continued for a minimum of two years for M.S. students and three years for Ph.D. students, dependant upon satisfactory performance and the maintenance of a 3.0 GPA on a 4.0 scale.

Salary Range: \$17,154.00 M.S. (\$1429.50/mo); \$18,204.00 Ph.D (\$1517/mo). The assistantship appointment also includes tuition waivers per our policy outlined at <http://gradsch.wsu.edu>. Resident tuition waivers have an estimated value of \$3,731 per semester; non-resident waivers have an estimated value of \$6,094 per semester. All students on an assistantship are required to pay a residual fee each semester of approximately \$1,000.00. The residual fee pays for Health and Wellness Services, Pullman Transit, the Student Recreation Center, and a small portion of tuition not covered by the assistantship. Also included is a comprehensive health (medical/dental) insurance program with the annual premium paid by the department estimated at \$1,500.

Washington State University is an Equal Opportunity/Affirmative Action educator and employer. Women, ethnic minorities, Vietnam-era or disabled veterans, person of disability and/or persons age 40 and over are encouraged to apply. WSU employs only US citizens and lawfully authorized non-U.S. citizens. All new employees must show employment eligibility verification as required by the U.S. Citizenship and Immigration Services. Reasonable accommodations provided upon request with adequate prior notification.
