

2018 WSU-WOCS Canola Variety and Production Tour - May 24th

10:00 A.M WSU-WOCS Winter Canola Variety Trial located at Doug Poole's N Division and Old Dyer

- Direction from Mansfield: Head West on Road 14 NE.
- Turn right onto Bridgeport Hill Rd NE.
- Turn left onto Dyer Hill Rd NE.
- Turn right onto Gallaher Rd NW (Gallaher Rd NW becomes N Division Rd) and go approx. 4.5 miles. Plots will be on the left.

- Washington Oilseed Commission update
- Pacific Northwest Canola Association update – Karen Sowers
- Canola Marketing - Daniel Stenbakken, Viterra/Pacific Coast Canola
- Weed Control in Oilseeds – Ian Burke, WSU (invited)
- WEEDit Demonstration - Douglas Poole
- Fertility Management – Haiying Tao, WSU

Lunch will be back at Doug Poole's ranch. Lunch is sponsored by WSU WA Oilseed Cropping Systems Project and Highline Grain. Be sure and bring your appetite!!!

After lunch we will go look at Tom Poole's Canola Variety study. Tom has several hybrids; Mercedes, Edimax CL, Plurax CL (new with good winter hardiness), and Popular. OP- Quartz and Amanda are checks.

Tour ends when the last question is asked!

*In order to ensure that we have an accurate catering count **PLEASE RSVP** to Karen Sowers (ksowers@wsu.edu or 808-283-7013) **by Tuesday, May 22.***
