

Soil Science Seminar Series

Soils 501, Dept. of Crop and Soil Sciences, Spring 2006

January 9

No seminar (first day of classes)

January 16

No seminar (Martin Luther King holiday)

January 23

Craig MacMillan, Dept. of Sociology, WSU
Consumer Response to Bt Sweet Corn in a Politically Charged Environment

January 30

Matthew J. Morra, Soil and Land Resources Div.,
Dept. of Plant, Soil, and Entomological Sciences, UI
Phasing Out the Undergraduate Soil Science Degree
at the University of Idaho

February 6

Tabitha Brown, M.S. Candidate, Soil Science, Dept.
of Crop and Soil Sciences, WSU and Recent ASA
Science Policy Intern
Science Policy Internship with the American Society
of Agronomy

February 13

Alan Busacca, Professor, Dept. of Crop and Soil
Sciences, WSU
Reflections of a Peripatetic Pedologist

February 20

No Seminar (President's Day)

February 27

Tim Riebe and Eric Choker, USDA-NRCS, Spokane
What is a National Cooperative Soil Survey?

March 6

Steven D. Verhey, Assistant Professor, Central
Washington University
Engaging Prior Learning in the Classroom and the
Field

March 13

No Seminar (Spring Break)

March 20

Joan Davenport, Associate Scientist, Dept. of Crop
and Soil Sciences, WSU
Six Months of Precision Viticulture in the Driest
State on the Driest Continent

March 27

Marjorie Jernigan, M.S. Candidate, Soil Science,
Dept. of Crop and Soil Sciences, WSU
General Characteristics of a Compost Tea and its
Effects on Disease Suppression and Plant Growth

April 3

Hal Collins, Research Microbiologist, USDA-ARS
Vegetable and Forage Crops Research Laboratory
Unit
Biofuels and Soil C Storage, the Tradeoffs Under
Irrigated Agriculture

April 10

Tabitha Brown, M.S. Candidate, Soil Science, Dept.
of Crop and Soil Sciences, WSU
Stratified Soil Acidity in Inland Northwest Direct
Seeded Cropping Systems

April 17

Monica Allen, M.S. Candidate, Soil Science, Dept. of
Crop and Soil Sciences, WSU
Optimizing Plant Genetics and Soil Fertility to
Achieve High Grain Content in Hard Red Spring
Wheat

April 24

Kyle Bair, M.S. Candidate, Soil Science, Dept. of
Crop and Soil Sciences, WSU
Effectively Utilizing Legume Cover Crops as an
Organic Source of Nitrogen in Concord Grape

**Mondays
1:10pm**

**Johnson Hall
204**
